

Pediatric Critical Care Learning Sessions

Seizing The Moment - diagnosis and management of status epilepticus

March 21 at 1 pm

Learning Objectives:

- Explore when to suspect status epilepticus, including non-convulsive status epilepticus, as well as factors that might put a child at risk of status epilepticus.
- Discuss the management of status epilepticus.
- Identify when to obtain intraosseous access, methods of insertion, and administration of medications/fluids through IO.

-ABOUT THE PCCL SESSIONS -

WHEN: 3rd Friday of every month
1:00 to 2:00 pm via Zoom

WHAT: A de-identified case presented by providers from a range of communities across BC

HOW: The PICU team at BCCH

facilitate the interactive discussion
