

Pediatric Critical Care Learning Sessions

# SEEING IS BELIEVING - Using video consults in assessing sick children

November 15 at 1 pm

## Learning Objectives:

- What is the differential diagnosis for a sick neonate? What diagnoses must we consider, and how can we differentiate between them clinically? (again, in the context of a rural site with lower resources as a background).
- Discuss resources available both to physician and nursing staff when a critically ill child presents to care at a rural site.
- Initial resuscitation / management of patient presenting with coarctation of the aorta and hemodynamic instability.

## -ABOUT THE PCCL SESSIONS -

**WHEN:** 3rd Friday of every month  
1:00 to 2:00 pm via Zoom

**WHAT:** A de-identified case presented  
by providers from a range of  
communities across BC

**HOW:** The PICU team at BCCH  
facilitate the interactive discussion
